**Revisiting Girl Scout Troop 27124 Project**

I contacted the troop leader after our last meeting in April. The leader stated that the girls were now busy with finishing up other projects and focused on and preparing for a Memorial Weekend camping trip therefore at this time everything else is on hold. She did mention that there was still the possibility of the girls doing community service on the green roof.

If we approached them again, after school is out for summer and their other projects are completed, this would require a detailed plan with supervision from our group.

Discussion on pursuing community service hours for green roof.

**New Business:**

Tom Carroll/Public Works has advised that the water feature in Lenapi Park needs major repairs. Listed below is what Mizu (company that installed and winterizes it every year) is looking at in terms of repairs. I have yet to receive an estimate for the cost of these repairs. Discussion on financial responsibility for these repairs.

1. the pump motor needs to be replaced
2. the concrete pit that houses the pump, filter, etc. needs to be vented because of too much condensation.
3. all of the electric needs to be upgraded that is in the pit- unsafe.

**Gardening Committee Update:**

The Spring planting & hanging basket work was done on Thursday, May 19<sup>th</sup>. Updates and discussion at the upcoming meeting. Our goal was to get it all done/up for the Memorial Day/weekend holiday when our town will be brimming with tourists and locals.
